

# Greetings From

**Mayor Anthony R. Suarez**

**I would like to wish everyone a very Happy Holiday season and a healthy New Year. The tips on protecting our water resources are meant to assist all residents to comply with New Jersey's storm water regulations. By following these regulations, you are all helping to preserve and improve our environment and our natural resources, not just for now, but also for future generations.**

**Please remember that State law requires all municipalities to comply with storm water management plans.**

**Thank you for your continued cooperation with all of our programs that help make Ridgefield a great place to live.**
